BUSINESS CLASS

SelecTrucks offers fleets excellent Business Class products that provide cost-effective business solutions. Comfortable work environments, convenient entry and exit and set-back front axles with up to a 50-degree wheel cut make SelecTrucks Business Class a natural choice for fleet purchasers. Freightliner designed the Business Class for easy maintenance and ready access to critical maintenance points. Business Class cabs are constructed with a solid steel framework and provide years of reliable, durable service for maximum return on your investment.
